

These are all signs of My coming.... As in the days of Noah

August 10, 2022 - Words from Jesus to Udo for the heart dwellers and all who have ears and hear

(Udo) The Lord bless and keep you, dear family. Today we talked about Big Foot and other anomalies, like sightings of UFOs, Easter Island and the nice giant and the news about some giants that are supposed to be 30 meters or bigger.

(Jesus) "These are all signs of My coming.... *As it was in the days of Noah, so it will be in the end times.* You can be sure that for every one you see, there will be thousands more who will hide or mask themselves so that you will not see them. Yes, there will be days when you will see swarms of them, and the revelation will become more and more obvious. You can be sure that there is nothing good in them. They are all demonic vessels; bodies being prepared to take over the world.

Do not have anything to do with them, children. As soon as you start entertaining them, you can be marked, even if My mark on you is much stronger. Nevertheless, do not allow curiosity to overpower common sense. These things that seem to be coming to earth are actually coming from within the earth and are harbingers of the chaos, devastation and anarchy that is to come.

Prepare yourselves by clinging to Me and doing good – all the good you can do – every day, on every occasion I give you. Do not miss any opportunity to improve the lives of the souls I send you.

So many people will want to know what and who they are and what it means. For this reason, I am telling you so that you can give a good answer.

You are protected here, but if you go higher into the mountains, there are things you should not see. All sorts of reasons and excuses will be given as to the nature of these creatures. But I want it to remain firmly established in your consciousness that they are used by the dark side and inhabited by demons who ultimately do not have your best interests at heart.

Udo, these things exist all over the world, and that is another reason why the earth must be purified with fire. Right now you don't have to deal with them, but in the future - be aware that they exist. Of course, much is known about them from the military and other sources, but those who do not believe in evil have difficulty identifying them as such.

Do not be infected by sensationalism! Just be aware of who and what they are, and use My name, and remain active in warfare."
